REQUEST FOR CERTIFICATE OF CORRECTION

ATTN: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

In accordance with 37 C.F.R. § 1.323, patentees, through their attorneys, respectfully request that a Certificate of Correction be issued in the above-referenced patent.

In proofreading the original of the United States Letters Patent 6,749,317, the following printer errors were noted, and the owner of the patent, through his undersigned attorney, respectfully requests issuance of a Certificate of Correction.

Some of the following mistakes occurred as a result of inadvertent errors on the part of the applicant, and it is for this reason that the Certificate of Correction is being requested under 37 C.F.R. § 1.323, and the fee of \$100.00 is submitted herewith in accordance with that section. The mistakes are either (1) of a clerical nature; (2) of a typographical nature; or (3) mistakes of minor character. The proposed corrections do not involve changes that would either constitute new matter or require reexamination.

NOV 19 2004

Specifically, the following errors should be corrected:

In the References Cited:

In the U.S. patent documents section, for Patent 2,465,114 to Oury, the date "3/1949" should read -- 7/1945 --.

In the Specification

Column 7, line 26, (Original application p. 13, line 16), "plane 11" should read as -- plane 10--10 --.

Column 7, line 41, (Original application p. 13, line 24), "plane 22" should read as -- plane 18--18 --.

Column 8, line 53, (Original application p. 16, line 5), "power frame source frame" should read as -- power source frame --.

Column 9, line 45, (Original application p. 18, line 1) "power frame housing 14" should read as -- power source frame 22 --.

Column 9, line 56, (Original application p. 18, line 11) "frame housing" should read as --frame 22 --.

Column 10, line 18, (Original application p. 19, line 10) "plate 92" should read as -- plate 92 (FIG. 18) --.

Column 11, line 18, (Original application p. 21, lines 11-12) "line 11" should read as -- line 10--10 --.

Column 11, line 39, (Original application p. 22, line 7) "100 located" should read as -- 100 (FIG. 3) located --.

Column 13, line 39, (Original application p. 26, line 7) "line 22" should read as -- line 18--18 --.

In the Claims

Claim 9, Column 16, lines 54-56 (original application p. 32 lines 7-8), "wherein at least one of the side cover selected from anodized aluminum the at least one of the side cover" should read as -- wherein at least one of the side covers is selected from anodized aluminum, the at least one of the side covers --.

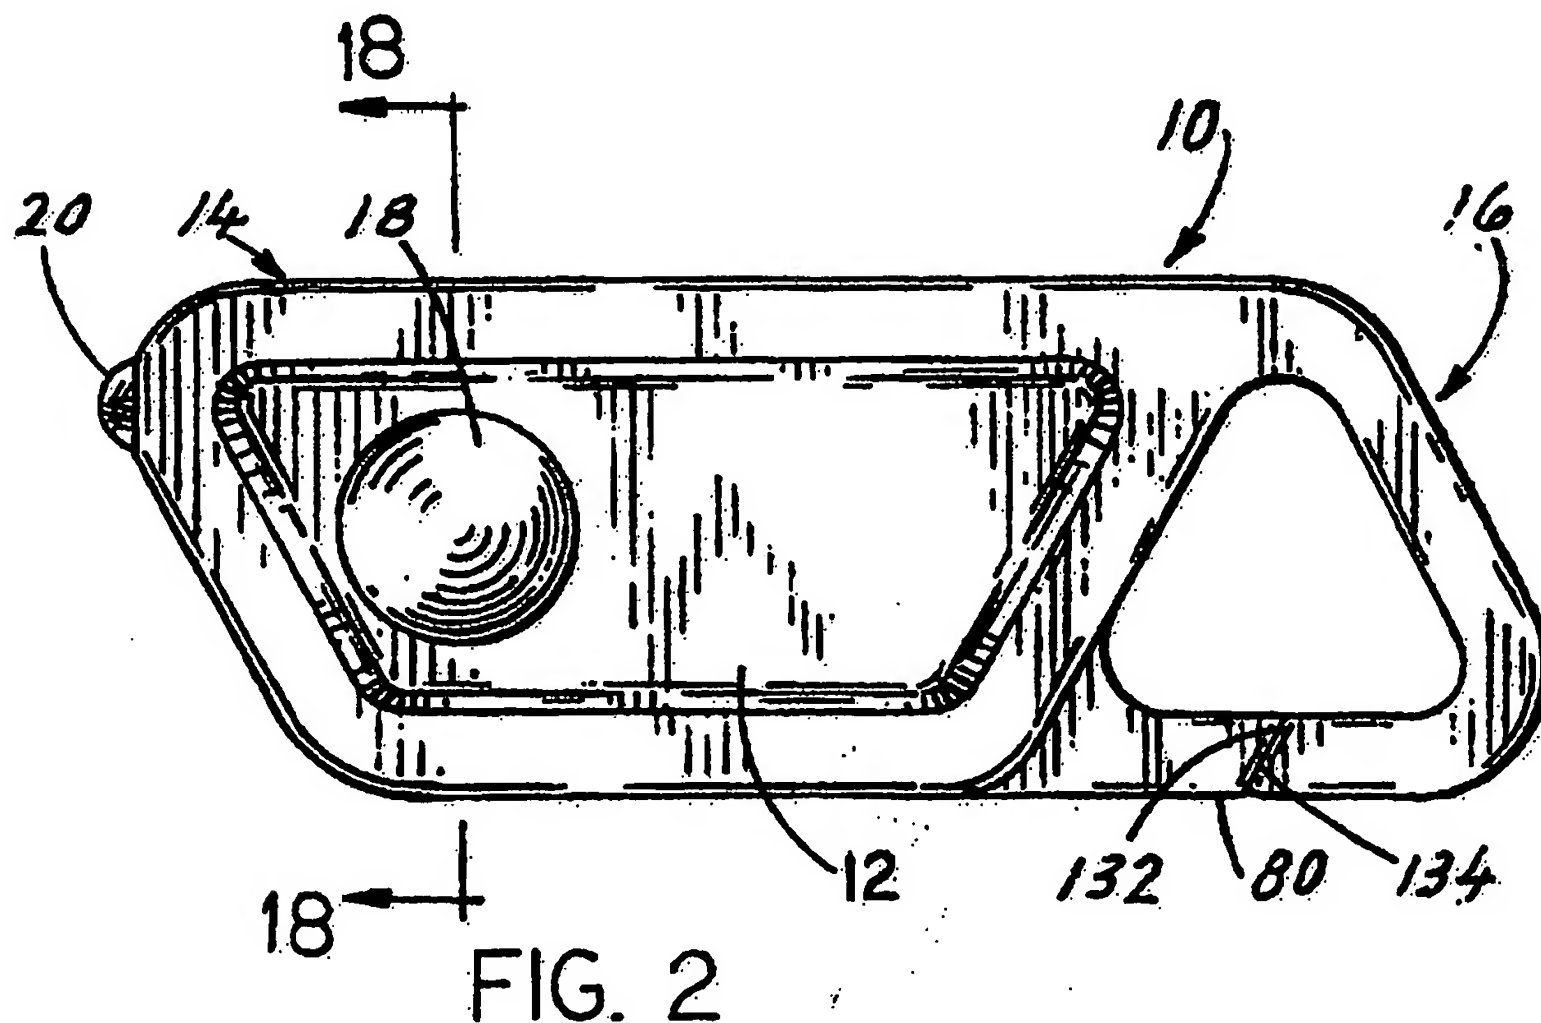

The corrections to the References Cited, Specification, and Claims sections are outlined on Form PTO-1050, two copies of which are included herewith.

In the Drawings:

Correction to FIG. 2

In the drawings, Sheet 1, FIG. 2, the reference numeral "2" should read --12--.

This corrects a typographical error. In the specification, reference numeral 12 refers to "a side cover" while the numeral 2 is not used. As corrected, FIG. 2 should therefore appear as follows:

A copy of the drawing sheet showing with the correction to FIG. 2 highlighted is attached hereto and is entitled "Marked-up Copy of Sheet for FIG. 2."

The correction to FIG. 2 is outlined on Form PTO-1050 and the referenced "Replacement Sheet for FIG. 2." Two copies of each document are included herewith.

Correction to FIG. 9

In the drawings, Sheet 3, FIG. 9, the reference numeral 34 and the related lead line should be applied to the counterbore.

In the drawings, Sheet 3, FIG. 9, the reference numeral 36 and related lead line should be applied to the terminus of the counterbore 34.

A portion of the specification that refers to FIG. 9 (see column 9, lines 1-10) identifies a counterbore 34 and a terminus 36. However, the current FIG. 9 does not have these reference numerals or lead lines for them. As corrected, FIG. 9 should therefore appear as follows:

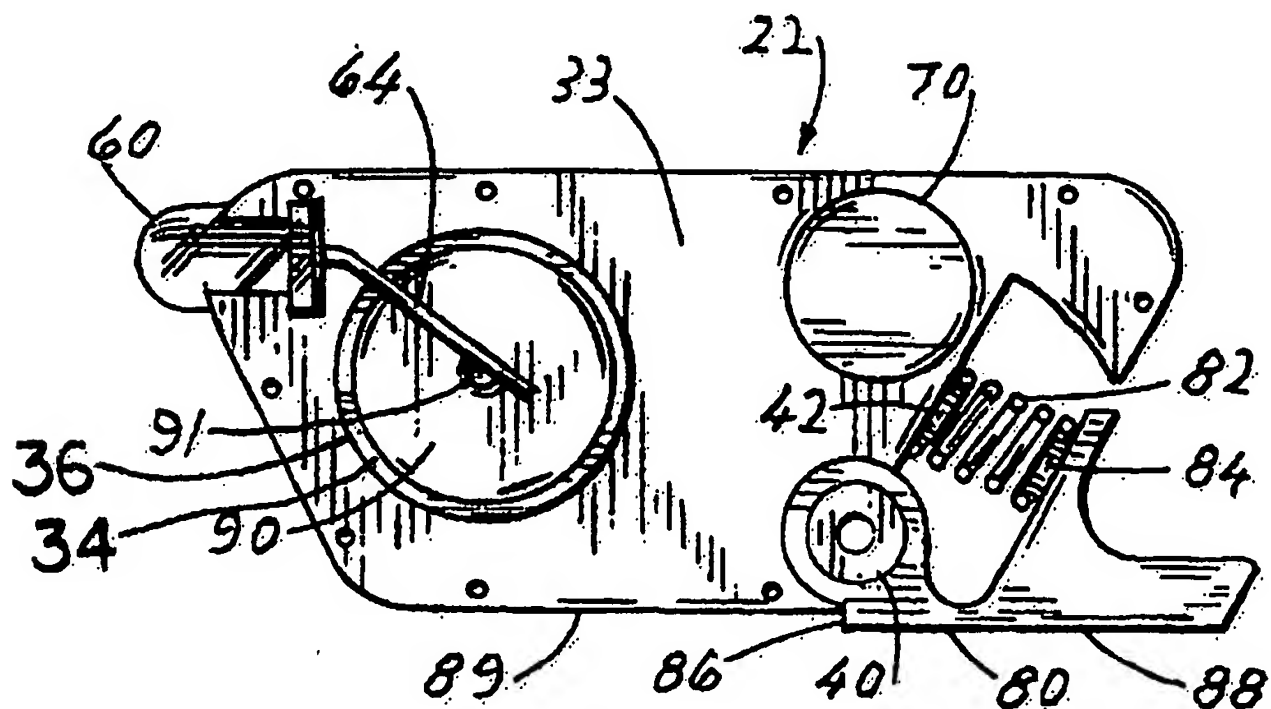

FIG. 9

A copy of the drawing sheet showing the corrections to FIG. 9 highlighted is attached hereto and is entitled "Marked-Up Copy of Sheet for FIG. 9."

The correction to FIG. 9 is outlined on Form PTO-1050 and the referenced "Replacement Sheet for FIG. 9". Two copies of each document are included herewith.

Please make these corrections of record. A check in the amount of \$100 is included in accordance with 37 C.F.R. § 1.20(a). Should the proper fee not be enclosed herewith, the Commissioner is authorized to charge the unpaid amount to Deposit Account 23-0920.

Respectfully submitted,

Eric D. Cohen

CERTIFICATE OF CORRECTION

PATENT NO : 6,749,317 *B/*

DATED : June 15, 2004

INVENTOR(S) : Kevin L. Parsons, et al.

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

In the U.S. patent documents section, for Patent 2,465,114 to Oury, the date "3/1949" should read -- 7/1945 --.

In the Specification

Column 7, line 26, (Original application p. 13, line 16), "plane 11" should read as -- plane 10--10 --.

Column 7, line 41, (Original application p. 13, line 24), "plane 22" should read as -- plane 18--18 --.

Column 8, line 53, (Original application p. 16, line 5), "power frame source frame" should read as -- power source frame --.

Column 9, line 45, (Original application p. 18, line 1) "power frame housing 14" should read as -- power source frame 22 --.

Column 9, line 56, (Original application p. 18, line 11) "frame housing" should read as --frame 22 --.

Column 10, line 18, (Original application p. 19, line 10) "plate 92" should read as -- plate 92 (FIG. 18) --.

Column 11, line 18, (Original application p. 21, lines 11-12) "line 11" should read as -- line 10--10 --.

Column 11, line 39, (Original application p. 22, line 7) "100 located" should read as -- 100 (FIG. 3) located --.

Column 13, line 39, (Original application p. 26, line 7) "line 22" should read as -- line 18--18 --.

In the Claims

Claim 9, Column 16, lines 54-56 (original application p. 32 lines 7-8), "wherein at least one of the side cover selected from anodized aluminum the at least one of the side cover" should read as -- wherein at least one of the side covers is selected from anodized aluminum, the at least one of the side covers --.
